Hamster Kombat (HMSTR) Price Prediction 2025, 2026, 2030 - Is Hamster Coin a Good Investment?

In the upcoming game Hamster Kombat on Telegram, players can earn tokens that will be exchanged for a brand-new cryptocurrency beginning the next month. The game is similar to Notcoin, which launched its own tap-to-earn game and token in May and quickly gained traction, reaching a market worth of about \$3 billion.

Although the token for Hamster Kombat hasn't released yet, analysts, traders, and players are all curious about its potential value. In our forecast for the price of Hamster Kombat, we will examine the possibility of this earn-now initiative through 2024 and beyond.

Find out if it's worth it to start tapping and earning Hamster Kombat coins right now by reading on.

What Is Hamster Combat?

A popular tapping game on Telegram, Hamster Kombat is similar to its forerunner, the Notcoin clicker game. Playing as the head honcho of a made-up cryptocurrency exchange, each player must conquer 10 levels to elevate their startup to the pinnacle of their field in Hamster Kombat. In the hilarious and strategic Hamster Kombat Telegram game, you may earn virtual currency in a variety of ways, such as recruiting friends, finishing tasks, joining the Hamster Telegram group, mining, boosting energy, etc. Player anticipation is already high because of the TONNE networks' upcoming debut and airdrop of the Hamster Kombat coin.

With the launch of Hamster Kombat Telegram, a native token called HMSTR was introduced. The airdrop will be revealed in July of 2024, and the listing is set for June of the same year.

Hamster Kombat Coin Price Prediction 2025

Hamster Kombat will encounter a unique concoction of opportunities and challenges in the year

2025.

According to proponents of the Hamster Kombat coin, the game will entice millions of Telegram users to try cryptocurrency for the first time, which will increase demand for all tokens.

The popularity of Hamster Kombat may also persuade current cryptocurrency holders to transfer their holdings to the TONNE Network. Because of the TONNE Network's meteoric rise to prominence in the cryptocurrency market, that development is worthy of special mention. Total value locked (TVL) for the network has increased 20 times since March, reaching \$600 million.

The value of Hamster Kombat's cryptocurrency will certainly rise as the number of users on TONNE Network increases, since more people will likely purchase it.

Other tap-to-earn games, such as TapSwap and W-Coin, will also pose a threat to Hamster Kombat. The popularity of Hamster Kombat could take a hit if these games attract more players and viewers, which would be bad news for the Hamster Swap coin.

Another possible competitor to Hamster Kombat would be TONNE Network meme currency. The greatest long-term strategy for Hamster Kombat after its tap-to-earn airdrop is to become a meme coin for TONNE Network users. The number of people involved with Hamster Kombat could decrease if new meme coins such as Resistance Dog or TONNE Fish Memecoin get more traction than it does.

Overall, we're keeping our fingers crossed that Hamster Kombat can make some progress in 2025. Because of its partnership with Telegram and superior dependability in comparison to other lightning-quick blockchains like Solana, we anticipate further fast growth for TONNE Network. We also think that the enormous fan base of Hamster Kombat will ensure the success of this cryptocurrency as it evolves into a viral meme coin.

Based on this information, we project that the average price of Hamster Kombat in 2025 will be \$0.055, with a possible maximum of \$0.110. If that price were to hold, Hamster Kombat's market valuation would be second only to \$TONNE, representing an 11x gain for gamers today.

2025	Price
Low	\$0.020
Average	\$0.055
High	\$0.110

Hamster Kombat Price Prediction 2026- 2030

Our faith in Hamster Kombat's capacity to continue being relevant after 2025 is dwindling. More sophisticated and interesting play-to-earn crypto games will most certainly supersede the initial tap-

to-earn game with the cryptocurrency, particularly if metaverse development progresses and users seek out more immersive gaming experiences.

Furthermore, no meme coin has been successful in maintaining its appeal for longer than a few years. There is a lot of grassroots meme culture surrounding Dogecoin, Shiba Inu, and Pepe, but not Hamster Kombat. So, while Hamster Kombat's meme status might help it in 2025 and maybe even 2026, we don't see it going widespread after 2027.

Consequently, the token's value will gradually decline after 2025, according to our Hamster Kombat estimate. By the end of the decade, we expect the average price of HMSTR to be \$0.020, which would bring Hamster Kombat's price back to almost its initial coin offering price.

2026	\$0.050
2027	\$0.040
2028	\$0.025
2029	\$0.022
2030	\$0.020

Potential Highs and Lows of HMSTR

	Min	Average	Max
1H	\$ 0.00082787	\$ 0.00083278	\$ 0.00083549
1D	\$ 0.00079346	\$ 0.00082092	\$ 0.00084381
7D	\$ 0.00075784	\$ 0.00087577	\$ 0.00096354
30D	\$ 0.00064077	\$ 0.00075963	\$ 0.00109446
90D	\$ 0.00064077	\$ 0.00155053	\$ 0.00286019
365D	\$ 0.00064077	\$ 0.00256964	\$ 0.01154420

Is Hamster Coin a Good Investment?

Hamster Kombat cannot be purchased. The only way to get your hands on it is to play the Hamster Kombat game and tap to earn. Then, when it drops, you may trade in your in-game cash for the cryptocurrency.

Time is the only variable, therefore it's no wonder over 150 million Telegram users have begun

earning bitcoin using the Hamster Kombat bot. Later this summer, the Hamster Kombat cryptocurrency could offer a 7.5x pump, which would be even more impressive than Notcoin's growth.

Our Hamster Kombat price forecast indicates that the token may have further upward potential until 2025, providing even greater rewards to community members who hang on to it.

But if you're looking for a cryptocurrency to hold for the long haul, Hamster Kombat isn't it. In 2026 and beyond, the token will encounter challenges that can lead to a decline in its value by the decade's conclusion. Accordingly, 2025 might be a good year to begin selling Hamster Kombat token hoards.

Can I Earn Money Using the Hamster Kombat Airdrop?

Notcoin was listed successfully, and active users made a profit, as is already known. Is the Hamster Kombat airdrop going to be any different? We can find a way to do it.

The tapping game that is played over Telegram has some rumours going around. We expect \$HMSTR to become public at some point. But how much money and prizes are up for grabs in this game?

To start, unlike Notcoin, the Hamster Kombat airdrop is not based on your balance but rather your account level and passive income. Because of this, there is no use in hoarding coins; instead, you should upgrade your account right away with the coins you already have.

The second point is that the rumour mill has it that players would have to wait two years before they get their hands on the cryptocurrency. It stands to reason that the price won't plummet right following a potential listing. Maybe nobody will be around in two years. In due time, the remaining "whales" will systematically acquire all of your "hard-earned money" at rock-bottom prices.

Furthermore, regarding the third point, the creators of Hamster Kombat remain a mystery. Will the Hamster developers be able to handle the deluge of complicated jobs that await them, given that the Notcoin team was well-known prior to the clicker's introduction and had a track record of successful projects?

Conclusion

An intriguing opportunity arises with Hamster Kombat, where traders can earn tokens simply by tapping on the game's mascot, a hamster, on its Telegram channel. Many questions remain, though, regarding the project's ability to airdrop cash and the loyalty of the Hamster Kombat community thereafter.

Investors and traders considering Hamster Kombat may wish to diversify their holdings by purchasing coins that have had more conventional launches. Get in on the next 10x cryptocurrency before it goes boom by perusing our guide to the top cryptocurrencies to buy right now. We'll point

you in the direction of the largest presales of 2024.

FAQs

How much is a Hamster Kombat coin?

Since Hamster Kombat hasn't launched yet, its price isn't accessible at this time. On the other hand, its initial price might be comparable to Notcoin's, which was almost \$0.01.

Has Hamster Kombat been included in the list?

No exchanges currently list Hamster Kombat as of yet.

Does Binance have the Hamster coin listed?

The Hamster Kombat currency isn't listed on Binance as of this writing.

How to Trade Crypto on BTCC?

This brief instruction will assist you in registering for and trading on the BTCC exchange.

Step 1: Register an account

The first step is to hit the "Sign Up" button on the BTCC website or app. Your email address and a strong password are all you need. After completing that, look for a verification email in your inbox. To activate your account, click the link in the email.

Limited time only: Claim your **10,055USDT** welcome reward

By creating an account, I agree to BTCC's [Privacy Policy](#) and [User Agreement](#).

Step 2: Finish the KYC

The Know Your Customer (KYC) procedure is the next step after your account is operational. The main goal of this stage is to maintain compliance and security. You must upload identification, such as a passport or driver's license. You'll receive a confirmation email as soon as your documents are validated, so don't worry—it's a quick process.

Step 3. Deposit Funds

After that, adding money to your account is simple. BTCC provides a range of payment options, such as credit cards and bank transfers. To get your money into your trading account, simply choose what works best for you, enter the amount, and then follow the instructions.

- **Fiat Deposit.** Buy USDT using Visa/Mastercard (KYC required).
- **Crypto Deposit.** Transfer crypto from another platform or wallet.

Fund Your Account

I don't have crypto assets

Fiat Deposit

Fund your account with USDT using
Visa/Mastercard

P2P

Buy and sell cryptos with flexible payment
methods and 0 transaction fees.

I have crypto assets

Crypto Deposit

Get the deposit address for BTC, ETH, or any
other crypto and deposit via the blockchain.

Step 4. Start Trading

If you wish to follow profitable traders, you might go for copy trading, futures, or spot trading. After choosing your order type and the cryptocurrency you wish to trade, press the buy or sell button. Managing your portfolio and keeping track of your trades is made simple by the user-friendly interface.

BTCC FAQs

Is BTCC safe?

Based on its track record since 2011, BTCC has established itself as a secure cryptocurrency exchange. There have been no reports of fraudulent activity involving user accounts or the platform’s infrastructure. By enforcing mandatory know-your-customer (KYC) and anti-money laundering (AML) procedures, the cryptocurrency trading platform gives consumers greater security. For operations like withdrawals, it also provides extra security features like two-factor authentication (2FA).

Is KYC Necessary for BTCC?

Indeed. Before using BTCC goods, users must finish the Know Your Customer (KYC) process. A facial recognition scan and legitimate identification documents must be submitted for this process. Usually, it is finished in a few minutes. This procedure has the benefit of strengthening the security of the exchange and satisfying legal requirements.

Because their accounts will have a lower daily withdrawal limit, those who do not finish their KYC are unable to make deposits. It should be noted that those who present a legitimate ID without a facial recognition scan will likewise have restricted withdrawal options.

Is There a Mobile App for BTCC?

Indeed. For users of iOS and Android, BTCC has a mobile app. The exchange's website offers the mobile app for download. Since both the web version and the mobile app have the same features and capabilities, they are comparable.

Will I Have to Pay BTCC Trading Fees?

Indeed. BTCC levies a fee for trade, just like a lot of other centralised exchanges. Each user's VIP level, which is unlocked according to their available money, determines the different costs. The BTCC website provides information on the charge rates.

Can I Access BTCC From the U.S?

You can, indeed. According to its website, BTCC has obtained a crypto license from the US Financial Crimes Enforcement Network (FinCEN), which enables the cryptocurrency exchange to provide its services to investors who are headquartered in the US.

According to BTCC's User Agreement document, its goods are not allowed to be used in nations and organisations that have been sanctioned by the United States or other nations where it has a licence.
