What is CashClick?

CashClick is a Telegram-based mini-app game designed to offer users an engaging and rewarding experience directly within the popular messaging app. As a blockchain-powered platform, CashClick lays great emphasis on quick interactions, making it easy and efficient to use. On CashClick, users can generate income through quick interactions by viewing content, entering contests, and providing feedback, all contributing to the accumulation of SEEDx tokens.

How Does CashClick Work?

At its core, CashClick offers multiple ways for players to earn scores and enjoy the game:

Click (Tapping): This is the traditional method where players tap their screens to accomplish various tasks, challenges, or missions. The quicker and more accurately you tap, the greater your chances of earning rewards.

Take Photos: Use your camera to capture images from your surroundings. This feature promotes creativity and interaction with your environment, elevating it beyond a standard tapping game.

Choose Some Mellow Music: Players have the option to select soothing, melodic music while enjoying a curated selection of NFTs from the Seed.Photo platform. This feature transforms the game into a relaxing experience where you can enjoy digital art while earning scores.

Share on Your Smart TV: If you own a smart TV, you can project the NFT slideshow accompanied by selected music directly onto your television screen. Doing so allows you to earn more than 2x the score!

Referral Bonuses: Users can also earn extra income and scores by referring others to join CashClick.

Extra Income: Another method for increasing your earnings is by adding an owl emoji to your Telegram name. This action unlocks additional opportunities for earning more SEEDx tokens.

Key Features of CashClick

At the heart of CashClick is a strong reward system based on SEEDx tokens. Users can earn these tokens by engaging in all kinds of activities on the platform, thus ensuring that their participation is always acknowledged.

Besides, as CashClick continues to develop, new features have been added to enhance

users' experience:

View and Earn: by merely browsing the galleries of artistic content shared on the platform, you have the opportunity to earn SEEDx tokens. This feature not only enhances your interaction with creative works but also enriches your overall experience, making it a rewarding and enriching endeavor.

Capture and Earn: if you are a photographer or creative individual, the Capture and Earn feature provides you with the chance to share your original photographs in exchange for SEEDx tokens. This not only nurtures your creativity but also enriches the platform's diverse visual content library, fostering a vibrant and inclusive community.

Tap to Earn: The Tap to Earn feature simplifies the process of earning tokens with just a single tap, encouraging your ongoing participation and sustaining an active community. The SEEDx tokens you earn through these activities are intentionally crafted to evoke a sense of achievement, driving you to stay engaged. Within the CashClick ecosystem, these tokens possess genuine value, rendering your earning experience both fulfilling and significant.

Token Swap: With the Token Swap feature, users are allowed to exchange your SEEDx tokens according to a predefined schedule available on the CashClick website. This flexibility allows you to maximize the utility of your rewards by trading them for other assets or services.

Token Airdrop: You can also benefit from Airdrops, which periodically distribute SEEDx tokens as a reward for your continued engagement. These airdrops not only add extra value but also raise awareness about the platform.
