What is Melania Meme (\$MELANIA)?

On January 19, Melania Trump announced that “The Official Melania Meme is live! ” via her official X account. The announcement came less than 48 hours after her husband, President-elect Donald Trump, introduced his own meme coin TRUMP.

It’s unclear how \$MELANIA tokens work within current federal agencies’ rules and regulations governing cryptocurrency — which Trump has promised to revamp — but the Melania Meme website makes the following disclosures and disclaimers: “Melania memes are digital collectibles intended to function as an expression of support for and engagement with the values embodied by the symbol MELANIA. and the associated artwork, and are not intended to be, or to be the subject of, an investment opportunity, investment contract, or security of any type. memes.melaniatrump.com is not political and has nothing to do with any political campaign or any political office or governmental agency.”
