### **Poodlana (\$POODL) Coin Review & Analysis: Poodlana Destined To Skyrocket Amid Major Exchange Listing Announcement**

In the competitive crypto landscape, while other cryptos are busy playing catch-up, the meme coin Poodlana (\$POODL) is setting trends, turning heads, and redefining what it means to be fabulous in this digital age. Poodlana (\$POODL) launched its presale in July 17. Notably, by listing just 60 minutes after the end of its presale on the 16th of August, and with no vesting periods or lockups, Poodlana has managed to carry over the frenzied FOMO from its presale into the public markets—something which plenty of projects struggle to do. Besides, on 23rd August, Poodlana will also list on a major CEX.

Then, what is Poodlana (\$POODL)? Is it a good investment in 2024? Next, let's take a close look at this new crypto project.
