What is Base Dawgz (DAWGZ)?

Base Dawgz (DAWGZ) is a new meme coin project that claims to have been designed for those who

crave attention and innovation. Base Dawgz's primary home is on the Base chain, but as its website states, \$DAWGZ is inspired by the 'spirit of base jumping' and is interoperable on multiple chains.

Base Dawgz offers a unique multi-chain experience that spans Ethereum (ETH), Solana (SOL), Binance Smart Chain (BSC) and Avalanche (AVAX). With seamless interoperability across these blockchains, Base Dawgz ensures users can navigate the decentralized world without limits.

An exciting feature DAWGZ provides is its "Share-to-Earn" model. As outlined in the project's whitepaper, community members simply create and share Base Dawgz content on social media, and they'll earn points redeemable for DAWGZ tokens once the presale ends.

Base Dawgz (DAWGZ) Debut on DEXs

Before launching \$DAWGZ on Base Chain, Base Dawgz are offering a chance for early supporters to get a solid ground rush and participate in the presale.

According to its tokenomics, Base Dawgz allocates 20% of its 8.45 billion tokens for its presale, approximately 1.69 billion tokens.

\$DAWGZ launched on June 4, taking in over \$200,000 within minutes as investors piled in to snap up a multi-chain meme coin with staking and share-to-earn capabilities.

The Base Dawgz presale ended on August 28th at 8 PM CET, resulting in substantial FOMO amongst sidelined investors.

The project has witnessed considerable market demand, raising a whopping more than \$3.3 million in its presale.

Notably, \$DAWGZ launched on DEXs at 18:00 CET, September 5 and in its first few minutes on the open market has shown its bullish intent, although succumbed to profit-taking.

\$DAWGZ's price on the main Base ETH pair surged to \$0.005610 within the first minutes of trading. The SOL pair can be found over at Dexscreener.

After the initial sell-off, an emphatic buyback is expected to kick in. All presale buyers received their tokens via an airdrop to their EVM or SOL wallet, depending on which version of \$DAWGZ they bought.

Presale buyers may be looking to average-down their initial purchase price, while new entrants are likely to be attracted by the prospect of a solid rebound from current prices around the \$0.0023 mark.

After raising \$3,358,012 in its presale, the launch has been highly anticipated because of its unique interoperability features.

Base Dawgz Staking

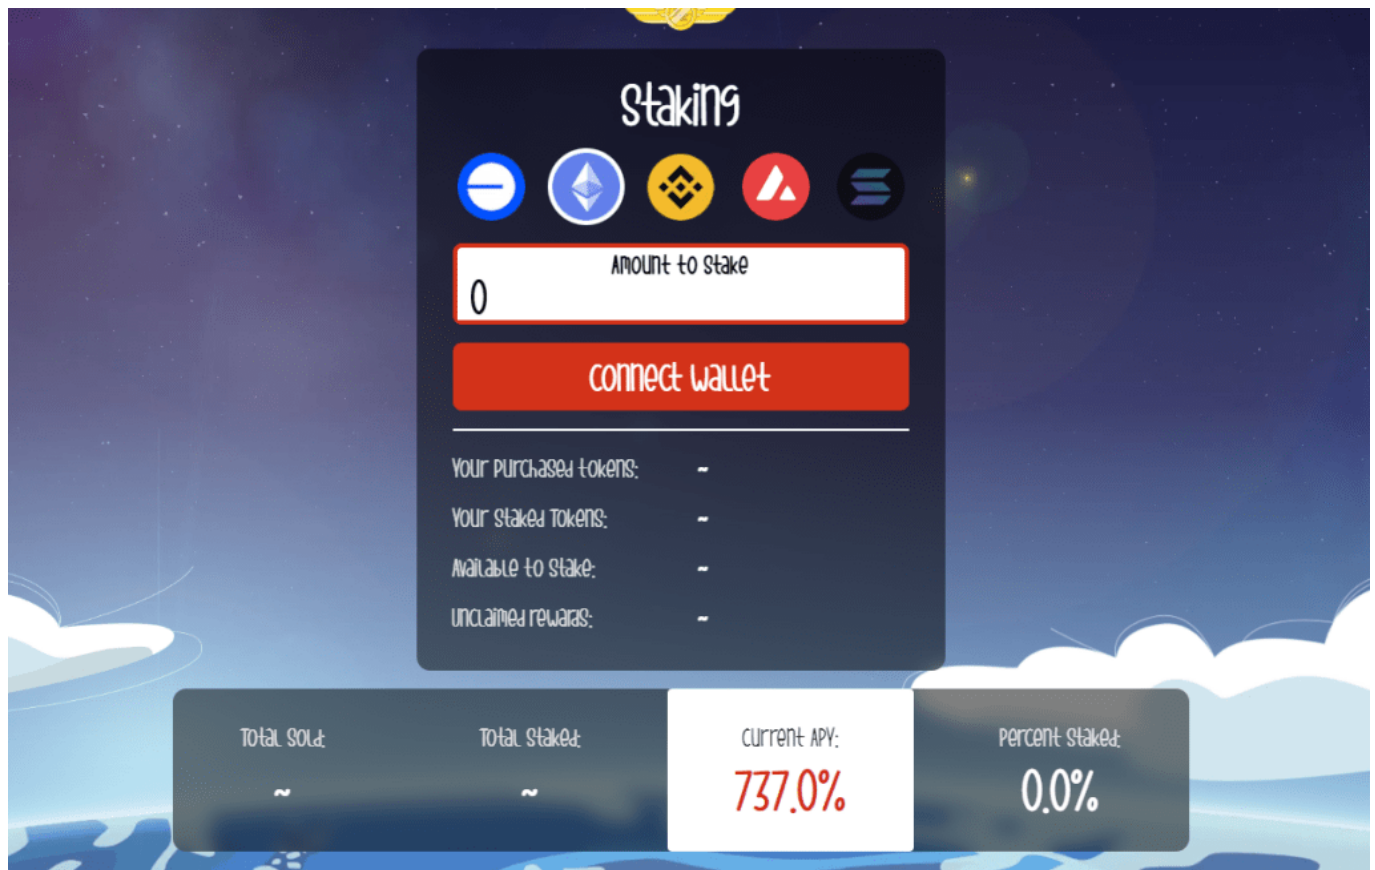

Another noteworthy feature of Base Dawgz is staking. Users can lock up their \$DAWGZ tokens to generate passive rewards.

The popular new meme coin on Ethereum Layer 2, Base, has a total of 1.69 billion \$DAWGZ tokens allocated to staking rewards - equivalent to 20% of its 8.4 billion total token supply.

According to its official website, Base Dawgz also offers mouth-watering staking rewards of 737.0%, which means token holders can 2-3x their DAWGZ bag in a few months without doing anything..

In a bullish development for \$DAWGZ, investors can look forward to hourly distributions totaling 192,000 \$DAWGZ tokens, taking place over the course of one year.

This schedule allows them to continuously compound their holdings, maximizing their potential gains with every passing hour.

What Factors Influence the Price of Base Dawgz?

As a digital asset, the cryptocurrency market encompasses numerous variables that either propel or depress the price of Base Dawgz. Below is a comprehensive analysis of the key factors influencing Base Dawgz's price trends:

- **Market Sentiment:** Positive or bullish market sentiment typically sparks an upward trend in prices, whereas negative or bearish sentiment can contribute to price declines.
- **DEX Listings:** Currently, DAWGZ is only available through its presale. However, the developers plan to list DAWGZ on a DEX once the presale ends. If this listing is followed up by CEX listings (e.g., Binance, Coinbase), it could have a huge positive impact on the token's price.
- **Base Ecosystem Development:** Over 19 million transactions have already been conducted on the Base network. If this growth continues, more attention will be drawn to tokens like DAWGZ, which could boost demand.
- **Competition:** The meme coin space is always changing, and new coins constantly vie for attention. DAWGZ will need to maintain its unique appeal to stay ahead of the curve and avoid a sell-off after listing.
- **Continued Meme Coin Hype:** It's hard to say when the current meme coin craze will end. However, as long as these tokens remain in demand, it'll create a tailwind for new market entrants like Base Dawgz.
- **Marketing Efforts:** Observing the success of top-tier cryptocurrencies underscores the significance of effective marketing. Consequently, the Base Dawgz team must follow these practices, leveraging tactics such as social media campaigns and collaborations with

influential personalities to stir up excitement and buzz around their token.

However, under a bearish sentiment, Base Dawgz is estimated to see a potential low price of \$0.10, with an average price hovering around \$0.25.

Is Base Dawgz (DAWGZ) a Good Investment in 2024?

Base Dawgz is not just a project; it's a movement. By integrating advanced multi-chain functionality with the spirit of extreme sports, Base Dawgz aim to bring a fresh and exhilarating experience to the crypto world. With meticulously planned roadmap, robust tokenomics, and cutting-edge technology, Base Dawgz is expected to show hige potential for future growth after its CEX debut.

Besides, as the 2024 presidential election is approaching, crypto has firmly entrenched itself in politics, with reports of Donald Trump receiving \$3 million in crypto donations. Base chain has also entered the political arena, which is beneficial for meme coins like \$DAWGZ. Base platform has recently started accepting on-chain donations, with reports indicating that 13 U.S. politicians, including prominent blockchain advocates Rep. Tom Emmer and Sen. Cynthia Lummis, have already signed up to receive crypto donations.

Despite overall market uncertainty, Base Dawgz has shown solid price action, likely due to its robust features and the popularity of its home chain, Base. Base Dawgz has already gone viral online. Base Dawgz's X account has already amassed over 6,500 followers and its Telegram has more than 11,000

subscribers. Base Dawgz is set to capitalize on its exploding hype, potentially becoming the next big meme coin on the Base blockchain.

In conclusion, given the current positive market dynamics and Base Dawgz's innovative features, Base Dawgz shows substantial growth potential. However, as crypto market is full of uncertainties, it is still necessary for all investors to do profound research and stay well-informed before making any investment decision regarding Base Dawgz (DAWGZ).
