What Is JustPlay?

Earlier, we established that JustPlay is a rewards app for loyalty. The year 2020 was when this app was first created. The idea was to bring about a situation where the developer and the user could both benefit from the relationship. You can earn money by playing games that the developer has created. The currency is converted to US dollars every three hours.

Bonuses are available in the app once you achieve a specific currency threshold. With each milestone reached, the bonus does grow. Regrettably, it resets itself every three hours. It becomes quite challenging to really achieve the objective within the three-hour limit after hitting this

threshold three or four times.

An opportunity for “daily payouts” is promoted by the app. Players are also informed that their ownership increases as they play more. It should be noted that the games have an overwhelming amount of advertisements. Similarly, in order for the reward system to function correctly, you are need to enable tracking on the games.

JustPlay Coin Value 2024

JustPlay Coins do not have a fixed value. However, after converting your earnings to USD, you may easily acquire a rough notion of a coin’s value by engaging with the programme for a while. In May of 2024, one hundred thousand JustPlay coins were worth about ten cents US. At the current exchange rate, one JustPlay coin is worth around \$0.000001. On the other hand, this indicates that in order to earn \$1, you will need one million JustPlay Coins.

To the uninitiated, these figures may appear astronomically high. You can, however, launch a game, play it for precisely one minute, and win about three thousand coins. From game to game, the quantity of coins you can earn varies. Boosts and ad watching will increase your coin supply. Similarly, the longer you play, the faster the coins tend to increase up.

How to Reach the \$2 minimum PayPal Cash Out

Advice: If you want to get the most out of the games, play one for about ten to fifteen minutes before switching to another. The developers make money to pay you, so watch as many advertisements as you can while playing.
