### What is \$TRUMP Coin Dinner? Everything You Need to Know

***On May 22, Donald Trump will hold a special dinner at Trump National Golf Club for the top 220 holders of his \$TRUMP meme coin. A tour of the White House will also be given to the top 25 investors. Despite claims that the \$TRUMP coin was non-political, its value skyrocketed after its January 2025 launch.***

Donald Trump is about to make more meme templates available online, which is a completely predictable move. Recently, the president of the United States of America announced that he will be providing a tangible “taste of power”! Trump is doing this by offering the top holders of the \$TRUMP meme coin a special invitation to a private dinner and, for the largest investors, a tour of the White House.

## What is \$TRUMP Coin?

When it comes to advertising his meme coin, \$TRUMP Coin, Donald Trump isn't skimping. Just three days before Trump's inauguration as president, on January 17, 2025, the Trump meme currency was launched. At first, some thought the cryptocurrency was a hoax and had nothing to do with Trump since no one had spoken anything about it when it was introduced. But Trump revealed \$TRUMP on

his X and Truth social media pages a few hours later. It was called the “only official Trump meme” on the website of the meme currency. A cartoon depicting Trump raising his fist upon his survival of the attempted assassination in July 2024 serves as the emblem for the meme currency.

A disclaimer, however, clarified that the coin was “not intended to be, or the subject of” a security or investment opportunity, and that it was also “not political and has nothing to do with” any official campaign, office, or government body. Indemnification from claims and prohibition from participating in class action lawsuits against the project are terms of the offering. Still, by the afternoon of January 19, 2025, the price of the meme coin had jumped by more than 300% after its launch. It had become the 19th most valuable cryptocurrency in the world, with a total trading value of nearly \$13 billion. By that point, there had been \$29 billion worth of trades based on the \$64 value of each of the 200 million tokens issued. With \$314 million in token sales and \$36 million in fees, the cryptocurrency project made at least \$350 million, according to a Financial Times report dated March 2025.

Trump is prepared to elevate the “legacy” of his meme coin with his “dinner date,” despite the fact that the initiative has been heavily criticized by ethics experts due to the conflicts of interest between the project and his presidential obligations.

## **What is \$TRUMP Coin Dinner?**

After first being skeptical about digital assets, Trump has now publicly supported them, pledging to make the United States the “world capital” for crypto innovation.

“Have Dinner with President Trump” is a new section on the official website of the Trump meme coin, which boasts of being “The most exclusive invitation in the world.” “Enjoy Dinner with President Trump and the \$TRUMP Community!” brashly proclaims the invitation. When the anticipation grows, “Tell the president the total amount of \$TRUMP coins you possess!”

The president will have dinner with the top 220 digital asset holders on May 22 at Trump National Golf Club, close to Washington, according to the website of the \$TRUMP coin. A private reception

and a visit of the White House await the top 25 holders, who will receive even more VIP treatment.

## **How can I Sign up for Trump's Dinner Date?**

Connecting your cryptocurrency wallet and providing your full legal name, email, and phone number are all that is required to register for the private event. The website assures that the winners' personal information will be kept confidential, but it will be utilized to contact them.

Holding \$TRUMP coins is the next stage. From April 23 through May 12, the person with the greatest average balance of \$TRUMP tokens will be declared the winner. You can improve your standing and even get an invitation to dinner if you hold more for a longer period of time.

The top 220 wallets will be chosen based on their average \$TRUMP balance once the holding period finishes. There is a leaderboard on the main page where players may see where they stand.

## **How is the Ranking Determined?**

Where calculations are based on the "Current \$TRUMP Holdings" and the "Time Weighted \$TRUMP Holdings" is on the leaderboard on the official website of the Trump meme coin. As previously stated, one's ranking and chances of receiving an invitation to the special event are enhanced the more they hold and the longer they do so. A greater score will propel them upwards on the scoreboard.

To confirm attendance at the special Gala Dinner on May 22, 2025, those who reach the Top 220 on the leaderboard will receive a personal invitation with all the necessary details.

## BTCC FAQs

### Is BTCC safe?

Based on its track record since 2011, BTCC has established itself as a secure cryptocurrency exchange. There have been no reports of fraudulent activity involving user accounts or the

platform's infrastructure. By enforcing mandatory know-your-customer (KYC) and anti-money laundering (AML) procedures, the cryptocurrency trading platform gives consumers greater security. For operations like withdrawals, it also provides extra security features like two-factor authentication (2FA).

### **Is KYC Necessary for BTCC?**

Indeed. Before using BTCC goods, users must finish the Know Your Customer (KYC) process. A facial recognition scan and legitimate identification documents must be submitted for this process. Usually, it is finished in a few minutes. This procedure has the benefit of strengthening the security of the exchange and satisfying legal requirements.

Because their accounts will have a lower daily withdrawal limit, those who do not finish their KYC are unable to make deposits. It should be noted that those who present a legitimate ID without a facial recognition scan will likewise have restricted withdrawal options.

### **Is There a Mobile App for BTCC?**

Indeed. For users of iOS and Android, BTCC has a mobile app. The exchange's website offers the mobile app for download. Since both the web version and the mobile app have the same features and capabilities, they are comparable.

### **Will I Have to Pay BTCC Trading Fees?**

Indeed. BTCC levies a fee for trade, just like a lot of other centralised exchanges. Each user's VIP level, which is unlocked according to their available money, determines the different costs. The BTCC website provides information on the charge rates.

### **Can I Access BTCC From the U.S?**

You can, indeed. According to its website, BTCC has obtained a crypto license from the US Financial Crimes Enforcement Network (FinCEN), which enables the cryptocurrency exchange to provide its services to investors who are headquartered in the US.

According to BTCC's User Agreement document, its goods are not allowed to be used in nations and organisations that have been sanctioned by the United States or other nations where it has a licence.
