WienerAI (\$WAI) Roadmap

The WienerAI Masterplan has three stages, with a token presale and worldwide marketing campaign laying the groundwork for 'Sausage Army expansion' and 'Ethereum network takeover.'

The detail information about WienerAI (\$WAI) Roadmap sets as below:

Stage 1	Stage 2	Stage 3
<ul style="list-style-type: none">• Sausage Army Launch• WienerAI Contract Audit• Presale LAUNCHED• Final Wiener-y Preparations• Worldwide Marketing Campaign	<ul style="list-style-type: none">• Sausage Army Expansion• KOL Blast• Ethereum Network Takeover	<ul style="list-style-type: none">• Token Listing: The LONG wait is over. WienerAI launches on Global Exchange Platforms. This is the public \$WAI launch.• WienerAI Trading Bot Launch: Not just a bot; but an AI-powered crypto trading partner designed to give you the advantage you've been searching for.

THE WIENERAI MASTER PLAN

- **WienerAI Trading Bot Launch: Not just a bot; but an AI-powered crypto trading partner designed to give YOU the advantage you've been searching for.**

WienerAI (\$WAI) Staking

Another outstanding feature of WienerAI is its high staking rewards. Staking enables users to lock up their WAI tokens in exchange for rewards, typically distributed over time. The staking APY (Annual Percentage Yield) for WienerAI is notably high, igniting the curiosity of those seeking stable passive income streams.

In an environment where many meme coins offer little to no utility, WienerAI's staking mechanism gives users a reason to hold onto their tokens. The high APY incentivizes long-term commitment, which could help stabilize the token's value in the future. Additionally, staking offers a steady source of income, which is especially appealing during periods of market volatility.

WienerAI has also launched a tiered staking system, allowing users to earn higher rewards based on the amount of WAI they stake. This tiered approach appeals to a wide range of investors, from casual participants to more serious players looking to maximize their returns.
