What is WUMP Airdrop?

The WUMP Airdrop is a unique giveaway of \$WUMP tokens that stands out from typical airdrops by requiring no purchases or wallet interactions. Instead of relying on transactions or referrals, eligibility is based on the age of your Discord account—rewarding long-time users of the platform. The older your Discord account, the greater your potential token allocation.

This innovative distribution method has sparked widespread interest, turning WUMP into a viral social movement. With over 500,000 participants in just a few days, the project has gained rapid momentum. Fueled by strong community engagement and a sense of nostalgia, WUMP combines crypto-native humor with an inclusive, internet-first culture.
