ZACRO Tokenomics

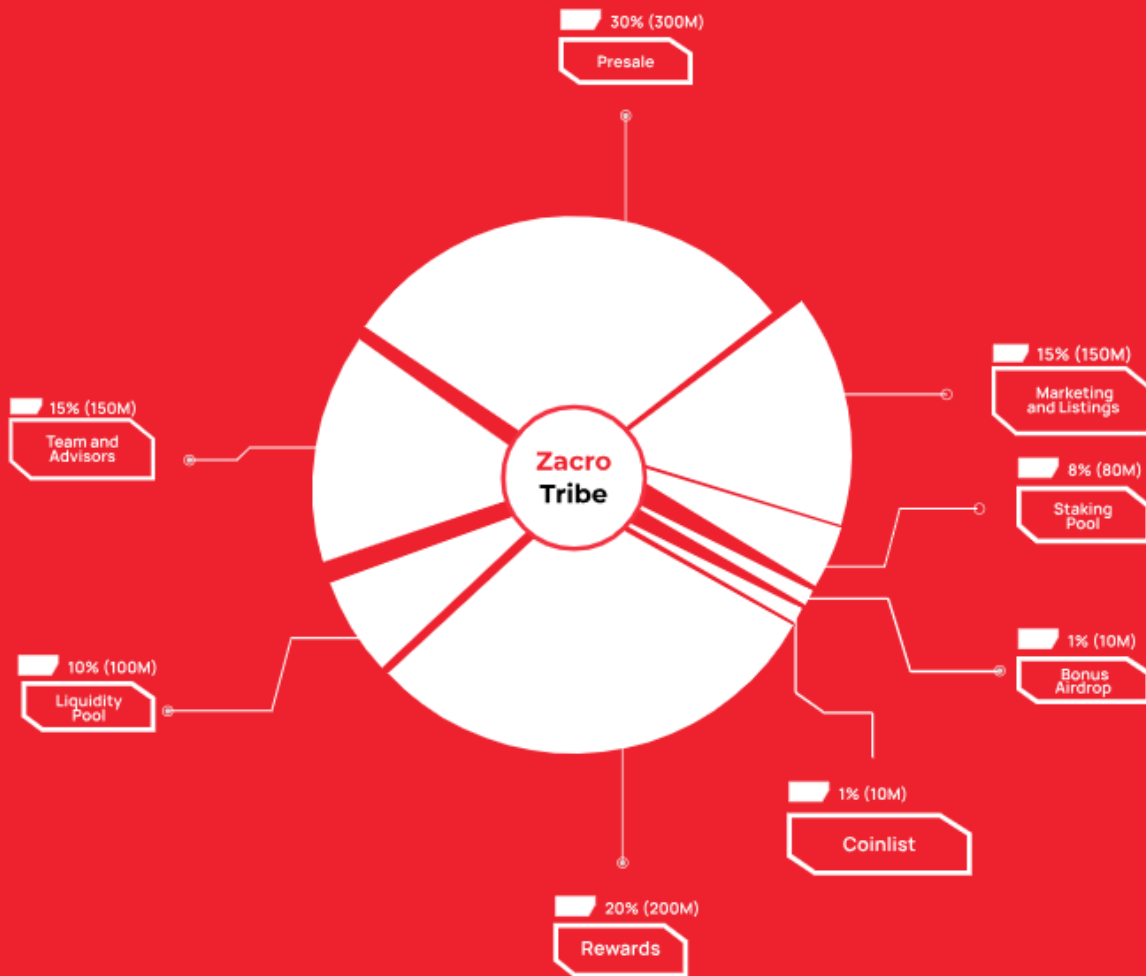

The tokenomics of ZacroTribe has been carefully crafted to drive user engagement, incentivize contributions, and ensure the platform's long-term sustainability. The total supply of ZACRO tokens is capped at 1 billion, a fixed limit that creates scarcity and enhances the token's value as the ecosystem expands.

The initial token allocation breakdown sets as below:

- **Presale Allocation (30%):** A total of 300 Million tokens are allocated for the presale, allowing early supporters to invest in the platform and contribute to its growth.
- **News Rewards (20%):** Another 200 Million tokens are reserved to reward users for consuming, sharing, and contributing content. This allocation ensures active engagement within the ecosystem.
- **Team & Adviser Incentives (15%):** 150 Million tokens are designated for the core team, ensuring alignment of interests and incentivizing continuous development and innovation.
- **Liquidity (10%):** 100 Million tokens are allocated to provide liquidity on decentralized and centralized exchanges, facilitating smooth trading and token accessibility.
- **Bonus & Airdrop (1%):** 10 Million tokens are set aside for airdrops, designed to onboard new users and expand the platform's community.
- **Marketing (15%):** 150 Million tokens are allocated for promotional campaigns, partnerships, and brand awareness initiatives.
- **CoinList Sale (1%):** 10 Million tokens are reserved for Coinlist sale
- **Staking pool (8%):** 80 Million tokens are allocated for the expansion of the ecosystem to ensure future growth.

Is ZacroTribe (ZACRO) a Good Investment in 2025?

ZacroTribe will leverage automation to engage its community, encouraging users to share their unique market insights, contribute analyses, and participate in discussions on trending topics. The platform will offer users access to an ecosystem where members support each other in staying informed about the dynamic world of finance.

As ZacroTribe grows, the integration of AI, blockchain, and community intelligence will create a novel way for crypto traders, investors, and analysts to interact with financial data. This shift marks a move from traditional, centralized media narratives to a transparent and decentralized financial news system, offering broader access to information and enabling users to freely disseminate it.

ZacroTribe is bridging the gap between AI-driven analytics and decentralized intelligence, taking the lead in the future of crypto market prediction. The platform empowers investors by placing the tools for anticipating market movements, forming strategies, and making informed decisions in their hands. Users will earn ZACRO tokens for sharing and engaging with financial content, offering valuable insights, and participating in governance decisions that shape the platform. These tokens can be redeemed for premium AI-powered tools, used for staking, or utilized for governance participation within the ecosystem.

However, the cryptocurrency landscape remains volatile. Will ZacroTribe (ZACRO) become the next 100x crypto? That remains to be seen. Investors are advised to conduct thorough research and approach with caution before making any investment decisions related to ZacroTribe (ZACRO).
